Investment proposal “Establishment of stamped steel and die-cast automotive rims production in “Mogilev” FEZ”

Production

- Stamped steel and die-cast automotive rims with diameter of 13-17 inches

Consumers

- The enterprises of automotive industry of the Republic of Belarus and countries of the Eurasian economic Union
- Car service stations
- Networks of wholesale and retail trade

Required investments

Not less than 25 mln. USD, payback period – 4-5 years

Project status

Searching for investors

- The total capacity of market of automotive rims in the territory of the EEU member countries in 2014 amounted to more than 25 million units
- Over the forecast period, the market capacity of forged steel rims for passenger cars will increase by 20%
- Dynamical development of domestic automotive industry (SZAO BelGee, ZAO Unison)
- Despite continuing growth, the Russian market of automotive batteries is underdeveloped, which determines the demand for products and creates favorable conditions for its exports.

Tax preferences

Profit tax

Not paid during 10 years, thereafter paid at halved rate

Real estate tax

Not paid on the objects within the territory of “Mogilev” FEZ

Rent payment for land plots (land tax)

Not paid on the land plots within the territory of “Mogilev” FEZ

Customs preferences

Exemption from customs duties on raw materials and equipment imported to the territory of Free Custom Zone (FCZ defined for each resident individually)

Exemption from customs duties on manufactured products being exported outside the Eurasian Economic Union
