Required investments

Not less than 1 mln. euro (determined by the investor)

Project status

Searching for investors

Prerequisites of project implementation in “Mogilev” FEZ

- Bulk containers (FIBC) almost completely replaced other types of containers for storage and transportation of bulk cargo.
- Bulk containers (FIBC) are recognized as universal packing and can be structurally adapted for any loading and unloading equipment and various loading and unloading stations.
- World production of bulk containers (FIBC) annually increases by an average of 10%.
- Bulk containers (FIBC) are in stable demand in the market of the Republic of Belarus, EU market and joint market of Eurasian Economic Union countries.
- Large companies with a worldwide reputation - residents of "Mogilev" FEZ are real and potential buyers of Bulk containers (FIBC), providing stable demand and regular purchases.

Tax preferences

Profit tax
