

Setting up manufactures within woodworking cluster

Project objective

- Development of the woodworking cluster on the basis of the vertically integrated wood-processing complex established in Mogilev FEZ and other woodworking enterprises

Required investments

- EUR 1 mln at least

Project status

- For project implementation the required infrastructure is provided at site No. 4 of Mogilev FEZ

Final products

- The cluster approach implies establishment of accompanying manufactures of resins, reagents, glass and glass products, cardboard, paper packaging, furniture upholstery, tape trimming, non-wovens (bicomponent), foam rubber (or substitutors), dyes , varnishes, hardware (nails, screws, etc.), europallets.

Establishment of manufactures accompanying the three existing plants manufacturing chipboards, veneer furniture components, cabinet and upholstered furniture, OSB boards and others
