

INVESTMENT PROPOSAL

“Establishment of the production of europallets”

HOME FOR YOUR
BUSINESS

Production

Europallets

Consumers

- Turkish and European pallet markets
- Market of the Eurasian Economic Union

Required investments

USD 1 mln.

Payback period

Payback period – 1.5-2 years

Project status

A Turkish company is searching for co-investors for project implementation

Investment attractiveness of the project:

- Constantly growing demand for europallets;
- Extensive client base on the Turkish and European markets;
- Great opportunities for the extension of the sales geography on the Eurasian Economic Union market;
- Closely located sources of raw materials;
- Small payback period;
- Equipment and well-functioning process design are available.

Additional information:

- Profitability of europallet production is closely connected with the cost of raw materials, which creates favorable conditions for project implementation in the Republic of Belarus;
- The manufacturing process stipulates usage of 2-3 types of wood, which makes pallet production cheaper.
