

INVESTMENT PROPOSAL

“Establishment of stamped steel and die-cast automotive rims production in “Mogilev” FEZ”

HOME FOR YOUR
BUSINESS

Production

- Stamped steel and die-cast automotive rims with diameter of 13-17 inches

Consumers

- The enterprises of automotive industry of the Republic of Belarus and countries of the Eurasian economic Union
- Car service stations
- Networks of wholesale and retail trade

Required investments

Not less than 25 mln. USD, payback period – 4-5 years

Project status

Searching for investors

- According to Market Research Future (MRFR), the global automotive rim market is projected to reach around US\$21 billion by 2025.
-
- Over the forecast period, the market capacity of forged steel rims for passenger cars will increase by 20%.
- Dynamical development of domestic automotive industry (SZAO BelGee, ZAO Unison).
- Despite continuing growth, the Russian market of automotive batteries is underdeveloped, which determines the demand for products and creates favorable conditions for its exports.
