HOME FOR YOUR
BUSINESS

Investment proposal «Organization of automobile batteries production in “Mogilev” FEZ

mogilev
free economic zone

Production

- Batteries for passenger cars
- Batteries for trucks
- Batteries for motorcycles

Consumers

- The enterprises of automotive industry of the Republic of Belarus and countries of the Eurasian economic Union
- Car service stations
- Networks of wholesale and retail trade

Required investments

Not less than 25 mln. USD, payback period – 4-5 years

Project status

Searching for investors

- Volume of Russian import of automotive batteries is about 400 mln. USD
- The industry of automotive batteries in the Eurasian economic Union is still poorly developed
- The market of automotive batteries Russia is growing by 10-15% a year due to localization of assembly of foreign cars and the development of the Russian automotive industry
- Despite continuing growth, the Russian market of automotive batteries is underdeveloped, which determines the demand for products and creates favorable conditions for its exports.
